I. Symposium on Grid Security: When Critical Energy Infrastructure and Big Data Converge

II. Date/Location: October 25 Multipurpose Room Founders Hall GMU Arlington Campus

III. Structure

    A. 8:30 – 9:00 Registration and Continental Breakfast
    B. 9:00 – 9:15 Opening/welcome Dr. Judith Wilde – COO GMU Schar School (confirmed)
    C. 9:15 – 10:30 Panel I – Framing the Issue of Grid Security: What is the Grid? What is Resilience? Role of efficiency?   Moderator -- Mark Troutman NDU (Confirmed)
        1. Vanessa Vargis -- SANDIA
        2. Eitan Goldstein – Siemens (confirmed)
        3. Jean-Pierre Auffret -- GMU School of Business
        4. DHS rep -- TBD
        5. Massimiliano Albanese – GMU School of Engineering (confirmed)
    D. 10:30- 10:45   Break
    E. 10:45 – 12:00 Panel II -- Cyber and Grid Security: What's the Big Data Problem?   Moderator – Dr. Laurie Schintler—Schar School (confirmed)
        1. Bobby Jeffers – SANDIA
        2. Chris Bronk – University of Houston
        3. Tom Winston – GMU School of Engineering
        4. DHS rep -- TBD
        5. Peter Fonash – GMU School of Engineering
    F. 12:00 – 1:30 Lunch -- Guest Speaker – Brigham McCown – chairman/founder Alliance for Innovation and Infrastructure (confirmed).
    G. 1:30 – 2:00 TBD (Student engagement TBD)
    H. 2:00 – 2:15 Break --
    I. 2:30 – 3:15 Wrap-up – Open discussion about role of GMU in Grid Security
